I certify that all information furnished on this form is true and complete. I understand that anyone who furnishes false or misleading information on this form or who omits material or information requested on the form may be subject to criminal sanctions (including fines and imprisonment) and/or civil sanctions (including multiple damages and civil penalties).

Instructions to Publishers

- Complete and file one copy of this form with your postmaster on or before October 1, annually. Keep a copy of the completed form for your records.
 - Include in items 10 and 11, in cases where the stockholder or security holder is a trustee, the name of the person or corporation for whom the trustee is acting. Also include the names and addresses of individuals who are stockholders who own or hold 1 percent or more of the total amount of bonds, mortgages, or other securities of the publishing corporation. In item 11, if none, check box. Use blank sheets if more space is required.
 - Be sure to furnish all information called for in item 15, regarding circulation. Free circulation must be shown in items 15d, e, and f.
 - If the publication had second-class authorization as a general or requester publication, this Statement of Ownership, Management, and Circulation must be published; it must be printed in any issue in October or the first printed issue after October, if the publication is not published during October.
 - In item 16, indicate date of the issue in which this Statement of Ownership will be printed.
 - Item 17 must be signed.
- Failure to file or publish a statement of ownership may lead to suspension of second-class authorization.

AICHE Publications

Nobody "talks process" like the publications of the American Institute of Chemical Engineers, particularly when it comes to providing critically-evaluated thermophysical property data. Through its Design Institute for Physical Property Data[®] (DIPPR[®]) and its recent sales agreement with DECHEMA, one of Europe's premier technical societies, AIChE is industry's most reliable source for accurate data on:

- Heat Capacity
- Viscosity
- Density
- Surface Tension
- Phase Equilibrium

Physical Property Data Spoken Here!

Choose from a wide selection of books, diskettes, and online offerings, including:

- **The DIPPR Data Collection:** An encyclopedic guide to pure chemical properties, available as part of an 9-volume book series, or in a number of electronic formats.
- **Handbooks** on polymer solution thermodynamics and diffusion, and aqueous electrolyte thermodynamics.
- **Manuals** for predicting chemical process design data.
- **A database** of evaluated mixture data.
- **DECHEMA titles:** More than 40 English-language titles from the *DECHEMA Chemistry Data Series*, which compiles data on such physical properties as vapor-liquid equilibrium, heats of mixing, activity coefficients at infinite dilution, and electrolyte data for both compounds and mixtures.

...AND MUCH, MUCH MORE!

To order these or other titles, or to get a copy of the AIChE Publications Catalog, call 1-800-242-4363.
